Note: Please ensure that in preparing this petition, all relevant criteria are met as per Council's website.

Petition Request Information

We, the undersigned, request that Council: *(state action required)*

1. make publicly available a comprehensive and truthful explanation of all contractual arrangements agreed between the Council and other parties relating to plans for residential and other development by Walker Group Pty Ltd in the Toondah Harbour Priority Development Area.
2. make this information available to the community well before commencement of the next local government election period, so that voters are able to consider:
 - a. The competence of councillors who voted to enter into these contractual arrangements;
 - b. Whether or not these contractual arrangements are in the public interest; and
 - c. The prospects of a newly elected Council being able to take actions aimed at ensuring that development does not proceed in the form currently proposed by Walker Group Pty Ltd.
